

## Big Picture Thinking

CURRENT

IDEAL

Draw a piece for each of your chosen groups in the IDEAL pie. A large piece is important to you in time or priority. Smaller is less so. Use the full pie. Label each pie piece, using your header labels. Then show how important (or demanding) each group is right now on a pie chart labelled CURRENT.

What is this telling me? What is different in my IDEAL future? What is surprising in my IDEAL future?

---

What does it suggest I need to think about or change?

---

I need to / I would like to / I give myself permission to?

---
